

CALIFORNIA DEPARTMENT OF  
FOOD & AGRICULTURE

A. G. Kawamura, Secretary

DMS Notice  
M-08-05

December 30, 2008

Discard: Retain

TO WEIGHTS AND MEASURES OFFICIALS

**SUBJECT: Certification of provers over 750 gallons**

The Division of Measurement Standards (DMS) metrology laboratory received National Voluntary Laboratory Accreditation Program (NVLAP) accreditation in December 2007 and has adopted the National Institute of Standard and Technology (NIST) and NVLAP procedures and policies. These changes mean that metrology staff are no longer able to conduct field (in county) certification of provers larger than 750 gallons. These provers must now be brought to our Sacramento facility for certification where we can accommodate provers up to 1000 gallons.

If you have any questions, please contact Greg Boers, Principal State Metrologist at (916) 229-3022.

Sincerely,

Edmund E. Williams  
Director

cc: Kevin Masuhara, Director, County Liaison Office
